

TRADITIONAL FEATURE FOR CHRISTMAS WEEK

Page 1 of our Christmas issue today tells the story of Christ's birth as it would have been told if modern newspapers had been printed at that time. Today's current news appears on inside pages. The Bethlehem story was mainly written by a member of the Scottsbluff (Nebr.) Star-Herald staff, and the dispatches are based on the story of the Christ child as it was written in the Bible.

Brilliant Star Presaged Sacred Mystery Of Birth

JERUSALEM, Dec. 25—Beginning the Year of Our Lord 1.—Eminent astronomers here admit to the appearance of a new star. They say that at infrequent periods such stars, or novae, as they term them, suddenly appear with great brilliance, are evident for a time, then fade away. Last night's star, they explain, resulted from the conjunction of the two great planets, Jupiter and Saturn.

Dogs and Sheep Overcome By Celestial Radiance

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—The shepherds' dogs and sheep were overcome also by the strange light from heaven last night, the men report.

Magi Pursued Star Of East To Son Of Mary

Now when Jesus was born . . . behold, Magi from the east came to Jerusalem, saying, Where is he that is born King of the Jews? — for we have seen his star in the east, and come here to worship him.—Matt. 2:1.

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—The mysticism and beauty of the Orient has mingled with the simplicity and reverence of a little town made holy by a divine occurrence.

Three sages from the East, impressive in the richness of their many-colored silks and gold insignia, walked the dusty streets of Bethlehem today and told of their journeys across desert and plain to lay rare gifts at the feet of a tiny babe.

They spoke briefly and eloquently of the prophecy, "There shall come a star out of Jacob, and a sceptre shall arise out of Israel," and they described the brilliance and comet-like action of this star which had arisen in the east, and which they had followed until it halted over the Judean city.

Astrologers of Jerusalem Predict Sorrow, Tragedy For Holy Babe

JERUSALEM, Dec. 25—Beginning the Year of Our Lord 1.—Great tragedy will mark the future of the child born in Bethlehem, say this country's foremost astrologers. The stars, they say, reveal:

He will be in great danger while He is still an infant, and because of an attempt upon His life, many children will be killed. He will live to be hailed in Jerusalem, but will later be rejected and betrayed by one close to Him.

Crucifixion will be the manner of His death, and He will undergo unspeakable suffering.

There are other venerable men here, who read aloud pathetic words which foretell the sufferings of the promised Messiah.

These reveal that He will be "despised and rejected of men, a man of sorrows and acquainted with grief."

Their search of the records, it is believed, will continue for many weeks, and will entail many secret conferences with not only members of their craft, but with the priesthood in the temple itself. Whether their finding will be made public in detail is not known.

The astrologers added that this preliminary report of their findings as revealed by their efforts probably would be considerably altered by further study, and indeed, might be radically altered by results of research and study.

ANGELS HAIL JESUS' BIRTH

GREAT JOY RULES IN TOWN OF DAVID AS REALIZATION DAWNS

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—It is impossible to describe the feeling of great joy that pervades Bethlehem today as the coming of the long-heralded Messiah is realized by the majority of its inhabitants.

The shepherds probably experienced the most poignant sensation for it was to them that the news was first given. The little group who were guarding their flocks from foxes and wolves that still roam the hills of Palestine, speak with great wonder of last night's message from the sky.

The amazing light together with the chanting of a heavenly host, has brought an incoherence to their speech; but the radiance of their faces is more impressive than any words could be.

"An angel of the Lord suddenly flashed before us, and the glory of the Lord shone all around us," one of them said.

"We were frightened but the angel said 'Have no fear. This is good news. I am bringing to you, news of great joy that is meant for all the people. Today you have a saviour born in the town of David, the Lord, Messiah. And here is a proof to you: you will find a baby wrapped up and lying in a stall for cattle.'"

"Then a host of heaven's army suddenly appeared beside the angel, extolling God and saying, 'Glory to God in the highest, and on earth peace, good will toward men.'"

Having sung this song, the angels went back to heaven, the light faded away, and all was dark as before.

"We began talking together about these strange sights and sound," the shepherd related.

"We didn't stop to think what would happen to our flocks, or wait until morning; we went on once. When we saw all was as the angel had said, we told everyone about it."

Herod In Dread, Seeks To Delude Sages From East

MANGER MIRACLE STORY
TOLD OVER AND OVER AS
GROUPS COLLECT

JERUSALEM, Dec. 25—Beginning the Year of Our Lord 1.—An apprehensive Herod sits on the throne of Judah, and is much disturbed at the miraculous birth of Jesus in Bethlehem.

This was brought to light with the recent visit here of sages from the East who were seeking the newborn King of the Jews. Having heard of their inquiries, Herod hastily called together his chief priests and scribes who write the laws, and demanded them to tell him more of the prophecies of Christ's coming.

Then he summoned the wise men for questioning, and led them to believe that, if they would go to Bethlehem, discover the Child and return and tell him about it, he would journey there himself to pay homage.

Those who heard Herod's interview with these Eastern wise men say he was given only evasive answers.

Political commentators say it is understandable that Herod should feel uneasy at the rise of a leader who will capture the imagination of a discouraged people. His reign has been a singularly unhappy one due to the pressure from Rome.

The Emperor Augustus has lately accumulated foreign property and subjects through a

HEROD'S SPIES DEPARTING HURRIEDLY FOR JERUSALEM

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—Several known spies and sycophants of the court of King Herod, who for the greater part of the morning have been furiously watching the stable wherein the King of Glory rests in his swaddling clothes, left on camels bound presumably for Jerusalem.

Herod is known to be extremely interested in the journeys of the Magi to Bethlehem.

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—For centuries prophets have forecast the birth of a Christ Child, and historians have made many references to the coming of a Messiah.

Messiah Meets World Torn By Internal Strife

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—Christ was born last night. They say he is a king. Into a world torn with strife, into a dictatorship country that trembles at the clashing swords of Rome, has come the ray of light so long awaited by a troubled people.

It is a far cry from the golden pillars of Solomon's temple to the crude stalls of a cattle barn. For hundreds of years the memories and tales of the glories of ancient Jerusalem have been treasured in the hearts of a scattered race. For generations they have unrolled their papyrus scrolls and reassured themselves that one day a Redeemer of Mankind would restore their kingdom. With mighty armies He would vanquish a tyrant Caesar, and rebuild their shining city.

They thought of Him in terms

These are some of the names which have been applied to Him, Immanuel, Wonderful, Counselor, Mighty God, Everlasting Father, Prince of Peace, The Lord of our Righteousness, Son of the Highest, and Jesus.

Since the birth here today of the Wonderful Child, and the excitement and rejoicing that have followed, local scribes have been searching history and the Bible and point to the predictions of Isaiah, Jeremiah, Micah, and others.

The following quotations are given as vital to the Messiah's saying, Ask thee a sign of the Lord thy God . . . But Ahaz said I will not ask, neither will I tempt the Lord. And he said,

Magi's Wisdom Is Greatest In World Declares Casper

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—This is what Caspar, one of the wise men, said about their belief:

"The wisdom of the Magi is the greatest of all wisdoms on earth, because it knows its own ignorance. And that is the secret of power. We worship fire as a symbol of Him. We keep men always looking and waiting for a new sunrise, but we ourselves understand that the darkness is equal to the light and that the conflict between them will never be ended."

Heard ye now, O House of David . . . Behold a virgin shall conceive, and bear a son, and shall call his name Immanuel.—Isaiah 7:14.

Will Come at Dark Hour
The people that walked in darkness have seen a great light; they that dwell in the land of the shadow of death, upon them hath the light shined . . . For unto us a child is born, unto us a

Mary and Joseph Both Descendants Of Royal Line

NAZARETH, Dec. 25—Beginning the Year of Our Lord 1.—Although Mary, mother of the Saviour, and her husband, Joseph live among the humble folk here, where he is a carpenter, they are of the royal family of Judah, and the descendants of King David.

The Jews keep exact lists of their genealogies, thus explaining the present situation. For the old prophets said that the Christ child was to be born at Bethlehem whereas Mary lives in Nazareth, 50 miles distant. But when the Emperor Augustus called for the regular 10-year census, he ordered Herod to register the people according to the tribe to which they belong. Mary and Joseph, belonging to the family of David, were required to go to Bethlehem.

Lowly shepherds with flocks on nearby hills First to note Miracle of Celestial Visitation

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—The eyes of all Judea are turned with awe today upon this little town as word emanates from it that the long-prophesied Messiah was born here last night.

Miraculous happenings and visitations of heavenly hosts which confounded them with radiance and divine song, lead inhabitants to believe that this is the prince of the throne of David who, Scriptures have said, will reunite the scattered tribes of Israel and reign over them as the son of God.

The appearance of a new star of great magnitude and luminescence, convinced them that it portends to the ancient prophecy.

Shepherds Hear Angels
The infant, born to Mary, a Jewish girl from Nazareth, who is the wife of Joseph, a carpenter, was first discovered by a group of shepherds who received the news of His birth from a band of angels while they were tending their flocks in the low-lying hills outside the city.

BETHLEHEM CITY IN HISTORICAL SITE MANY SIGNIFICANT EVENTS OF WORLD HAVE TAKEN PLACE IN SMALL TOWN

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—This little white-walled city, surrounded by its hills, vineyards and olive yards, has a significant history. It is about six miles south of Jerusalem, the largest city in Palestine, which is itself a little land, being only about 200 miles in length and 50 miles broad.

More than a thousand years ago, David, as a lad, kept his father's sheep in the very hills and valley where the shepherds last night received their heavenly visitation. One mile northwest of Bethlehem, thick, dark forests of cedar cloister the brow of the hill where is to be found the well of Saul. Here the Prophet Samuel anointed him first King of Israel.

It was to Bethlehem that Ruth and Naomi returned. Now Micah's prophecy has been proved true concerning the town as the birthplace of the Christ: "But thou, Bethlehem Ephratah, though thou be little among the thousands of Judah, yet out of thee shall come forth unto me that is to be ruler of Israel."

'Mary Smiled At Me!' Simply Clad Boy Says,

NAZARETH, Dec. 25—Beginning the Year of Our Lord 1.—A young boy—one of the band of shepherds which was visited on the hill near here last night by a heavenly host of angels who told them of the birth of the baby prophet, was a shy narrator of events transpiring at the stable when the presence of the child became known.

Roughly clad, and plainly awed by his part in the divine drama, he gave the only clear impression gained of Mary, the mother of the Holy Child. The other shepherds were too inspired, and the wise men from the East too preoccupied with the identity of the infant to notice details which the clear of a child seized upon.

"Everything seemed so quiet in the stable," he replied to questions. "I noticed that even the pigeons didn't coo like they usually do."

"Did Mary or Joseph say anything to anyone?" he was asked.

The lad flushed, then confided: "Joseph asked me to help him fix the hay so it would be more comfortable, and then Mary smiled at me after she had been looking at the baby, and so I asked her if they didn't have better places in the inn. She answered, low-like: 'There wasn't any room for us.'"

"I felt sorry for her; and then she smiled again and just whispered: 'But I like it here. The inn was so noisy, and the streets are full of loud people. The animals are peaceful. You mustn't feel sorry for us.'"

"And do you know, somehow I wasn't. I still feel strange. It is as though something too wonderful to talk about has happened to me. I can't explain it. But I feel so peaceful inside."

campaign of military invasions, and controls about all in this part of the world that is worth taking. This has occupied the minds of the people, but has increased Roman extravagances. Palestine is one of these conquered countries and Herod is the king of Augustus' own choosing.

Some regard Herod's fear of a ruler who will overthrow him in a material sense as being unfounded.

They maintain that the significance of the Messiah is spiritual rather than political, and point out that he has always been prophesied as a Shepherd of Souls rather than as a military deliverer.

Episcopal churches throughout Southern California will celebrate the birth of Christ with festive choral Eucharists on Christmas Eve and Christmas Day.

Following a tradition in the early history of the church, the first Christmas Eucharist at most of the churches will be celebrated at midnight Christmas Eve, or an hour or two earlier, and will be preceded by a carol service.

the Hebrew prophecies which foretold the advent of the Messiah, and had long waited for the star, they said. To prepare for the journey, and to buy gifts for the promised King of Israel, they sold their possessions and equipped a caravan.

Last night, surrounded by humble shepherds and barnyard animals, they fell to their knees and worshipped the young child with great joy, and presented him with frankincense, myrrh and gold.

Not In Palace

When they were asked if the commonplace surroundings seemed out of keeping with Christ's significance, Melchor, this wise man, answered:

"The King we seek is not to be found in a palace, nor among the rich and powerful. If the light of the world and the glory of Israel had been appointed to come with earthly splendor, it must have happened long ago. For no son of Abraham will ever again rival the power which Joseph had in the palaces of Egypt or the magnificence of Solomon throned between the lions of Jerusalem. But the light for which the world is waiting is a new light, the glory that shall rise out of patient and triumphant suffering. And the kingdom which is to be established forever in a new kingdom, the royalty of unconquerable love."

'Look Among the Lowly'

An intimation of the uncertain future was voiced when he added: "I do not know how the turbulent kings and peoples of the earth shall be brought to acknowledge the Messiah and pay homage to Him. But this I know. Those who seek Him will do well to look among the poor and the lowly, the sorrowful and the oppressed."

The men seemed little disposed to talk about returning by way of Jerusalem and encountering Herod. There is a rumor that they are making the caravans ready to go through Egypt.

Wherever they go, they are followed constantly by crowds of both adults and children, their stateliness and air of wisdom being especially interesting.

of shining raiment and a golden throne; they didn't expect swaddling clothes and manger hay.

They could see Him proclaimed by heralds with silver trumpets; they didn't think his companions could be rough haired oxen and sleepy-eyed goats.

They expected urns of smoldering incense, but no the aroma of a stable.

Multitudes would prostrate themselves on the ground in His presence, they believed; they didn't suppose that a harried innkeeper would suggest that the royal family sleep in the barn because all his rooms were full of taxpayers.

Some say that this baby born last night to Mary and Joseph of Nazareth couldn't possibly be

the conviction of the angels' message upon them, that they immediately accepted him as the promised Saviour, and fell upon their knees and worshipped him.

Magi Follow Too

Following in quick succession the visit of the shepherds, was a caravan of wise men, or Magi, from humble birthplace bearing jewels and precious gifts. To them too, this was a long-awaited event, since they are close students of astronomy, and were watching for the star. When it appeared they regarded it as the sign that the child had been born which the prophet had foretold.

While the largest part of the population here is talking of the event in tones of unsuppressed awe, and plainly regard it as a means by which they will be delivered from their Roman oppressor, there are many who are frankly skeptical. They feel that the future of Christ will come from a more significant source.

Everyone Excited

The whole atmosphere here has been one of unusual excitement for the past few days, since that was the time decreed by Augustus Caesar for all taxpayers in Judea to be registered. Mary and Joseph, being of the house of David, were required to come to Bethlehem; and although Mary was an expectant mother, and the 50-mile journey from Nazareth in Galilee was extremely arduous for her, the urgency of the order was such that they dare not say.

From the meager details gained from keepers of public places, it appears that Joseph had failed to make any reservation for lodging. The low temperature of the winter night forced them to the stable, where they made themselves as comfortable as they could in the straw. They suffered no ill effects from the experience, however, and those who visited the little family after the birth became known, report that an aura of light transformed the dingy surroundings into a place of beauty.

Mary indicated that she would call the child Jesus.

The zeal of the Lord of hosts will perform this.—Isaiah 9:2-7.

I will gather the remnants of my flock out of all countries whither I have driven them, and will bring them again to their folds . . . and I will set up shepherds over them which shall feed them, and they shall fear no more, nor be dismayed, neither shall they be lacking, saith the Lord. Behold the day come, saith the Lord, that I will raise unto David a righteous branch, and the king shall reign and prosper, and shall execute judgment and justice in the earth . . . And this is his name whereby he shall be called, THE LORD, OUR RIGHTEOUSNESS.—Jeremiah 23:3-6.

Now gather theyself in troops, O daughter of troops; he hath laid siege against us: They shall smite the judge of Israel with a rod upon the cheek. But thou, Bethlehem Ephratah, though thou be little among the thousands of Judah, yet out of thee shall come forth unto me one that is to be ruler of Israel; whose goings forth have been from old, from everlasting . . . And He shall stand, and feed in the strength of the Lord, is the majesty of the name of the Lord his God; and they shall abide; for now shall he be great unto the ends of the earth.—Micah 5:1-4.

Virgin Birth Recorded

In the sixth month the Angel Gabriel was sent from God unto a city of Galilee, named Nazareth, to a virgin spoused to a man whose name was Joseph, of the house of David; and the virgin's name was Mary. And the angel came unto her, and said, Hail, thou art highly favored, the Lord is with thee: blessed art thou among women. And when she saw him, she was troubled at his saying, and cast in her mind what manner of salutation this should be. And the Angel said unto her: Fear not, Mary: for thou hast found favor with God.

Seven Holiday Deaths Predicted For San Diego

Seven deaths have been forecast for San Diego's holiday traffic, according to the San Diego County Traffic Safety Council. This estimate covers the period from 6 p.m. December 24 to 12 a.m. January 1.

"Statewide the toll is expected to reach 120," David Thompson, executive director of the Traffic Safety Council, said. "This will probably lead the nation

again," he added.

A national total of 1,500 for the same period has been forecast, with 1,200 deaths estimated for the two four-day holidays.

There will be a four-day week end followed by three days and then another four-day weekend, Thompson said. "Our forecast is based on both holidays plus the three intervening days because so many people will include them in their vacations."

Law enforcement agencies will be working around the clock in an attempt to control the slaughter, Thompson said. They will be on the look-out for the speeders, the drinking driver, and the inattentive driver, he warned.

Thompson suggested three rules for holiday drivers to stay out of trouble:

1. Start early, cut your speed to meet traffic and weather conditions, arrive late rather than by ambulance.
2. Don't overdrive. Pull off the road the minute you feel tired and sleepy.
3. And, above all, DON'T DRIVE IF YOU'RE DRINKING.

Seeing Eye Dog Foundation Graduates 6 Blind Students

Six blind students, representing as many communities of Southern California, graduated December 13 with their new seeing eye dogs from the Eye Dog Foundation at Beaumont, California, marking the most successful year in the foundation's history of furnishing these superbly trained dogs to the blind.

Highlighting the graduation exercises, which were attended by over 1,200 persons including public officials and screen stars, was a telegram from vice president Richard Nixon congratulating the foundation and the graduating class.

The Beaumont foundation is the only training center in Southern California furnishing seeing eye dogs to the blind which is supported entirely by public subscription.

At the foundation in Beaumont, scores of Southern California blind residents have received seeing eye dogs free of any charges or obligation, enabling them to embark on a new way of life, free of dependence upon relatives and friends for guidance.

The seeing eye dogs furnished the blind by the foundation are given a comprehensive three months of training under the watchful supervision of senior trainer Stewart West, California's first licensed trainer in this field, before they are matched to a blind student.

The blind student and his new dog then undergo an intensive

four week training period at the foundation, preparing for the years of companionship and independence which lie ahead.

Throughout the joint training phase, the foundation's staff of professional trainers carefully study the personality of both the dog and the individual student, so that a well-balanced team will result from the careful matching of dog to master, a policy that has resulted in 100 per cent satisfaction to all blind students graduating from the Eye Dog Foundation.

Among San Diego county residents who have received their seeing eye dogs from the Beaumont foundation in recent years, are Dr. Hamilton Walker, 622 South Johnson, El Cajon; Gene Janke, Sr., 222 East Renette, El Cajon; Mrs. Daisy L. Fleming, Box 665, Santee; and Willa Jeanne Whitely, Box 876, Carlsbad.

They, as the scores of other

blind students who have received their seeing eye dogs from the foundation at Beaumont, are grateful to the many people of San Diego county who . . . thank God they can read this.

The Best Gifts Don't Come Wrapped

Who would take away from a child of any age the happy surprise of unwrapping package after package to discover the Christmas joys inside the fancy paper?

But the real joy of Christmas lies in each discovering within himself new sources of serenity and understanding, new riches of humanity, new depths of faith in the power of good that was generated by the birth we celebrate each December twenty-fifth.

This is the gift that needs no wrapping. It comes swathed in a tender glow that has

spread around the world for almost two-thousand years. It needs only the reflection of our own understanding to let its gift shine brighter each moment we live.

That all good gifts come your way this Christmas and all through the year is the earnest wish of your friends at Walker Scott.

NEW OFFICERS — Dr. Simon Brumbaugh, left, immediate past president of the Lemon Grove Kiwanis club, displays gavel to Freeborn W. Cressy, incoming president of the club, while other officers look on. From left, are Brumbaugh, Robert Sutton, incoming second vice president; Cressy, and Dr. Thayer A. Crow, incoming first vice president. Thad Butts is outgoing president of the service club. The new officers were elected in October and will be installed at an informal installation ceremony December 31, to allow them to assume duties on January 1, and at an official dinner party January 10 at the Admiral Kidd club in Balboa park.

Court Lowers Boom In Area Forest Fires

In a hearing in El Cajon municipal court Friday Judge Gilbert Hareless fined retired USN Lt. Commander Marvin Purcell of El Cajon a total of \$450 with two years probation for violating California state law by causing a fire with tracer bullets.

This violation occurred a week to a day before the disastrous Stewart fire east of San Juan Capistrano which has burned more than 60,000 acres and resulted in the death of a forest

ranger from Arizona. Both fires were caused by tracer bullets, but favorable weather conditions allowed prompt control of the fire caused by Purcell's action. It was contained at five acres north of Loveland reservoir, along the Sequan truck trail.

Although tracer bullets can be purchased in some stores, the mere possession of such bullets in a forest or brush covered area is illegal under California law. Southern California wildland fire hazard is usually very critical year 'round, and fires resulting from tracer bullets represent a real threat to life and property. Cleveland forest supervisor Stanley R. Stevenson requests that all forest visitors be most careful with a cigarette, a campfire built outside a campground stove, a faulty muffler—many kinds of actions could cause the disastrous conflagrations that destroy lives homes and watersheds.

Supervisor Stevenson also reported that in a hearing in El Cajon municipal court, Judge Hareless found Dr. Pearl Rittenhouse of Glendale guilty of violating San Diego county ordinances requiring 30 feet fire hazard clearance around all buildings in unincorporated areas. Dr. Rittenhouse was fined \$150 with three years probation for failure to provide clearance around her cabin at Descanso.

Stevenson said the intent of this ordinance is double-barrelled: it allows firemen a fighting chance to protect structures from fires approaching through grass and brush cover, and if a fire were to start within the building, firemen would be better able to keep the fire from spreading into the inflammable vegetation around buildings.

For advice on fire hazard problems, Stevenson asks that back country residents contact the nearest ranger station. A patrolman will call and advise on fire hazard reduction.

Local Child Immunization Program Stepped Up Here

The San Diego Department of Public Health said this week an increase in child health conferences and immunizations will be made available in 1959 at the Health Center at 113 E. Douglas avenue in El Cajon.

Dr. J. B. Askew, director of public health said the child health conferences which used to be held only twice a month, will be scheduled every Wednesday afternoon except the fourth Wednesday of each month, starting January 7, and on the first and third Friday afternoon of each month.

Immunization clinics will be increased from three a month to a weekly schedule from 1 to 3:30 p.m. every Tuesday, starting January 6.

The purpose of child health conferences is to counsel parents on child health, Dr. Askew said. He added that the Department of Public Health urges parents to consult with their family physicians on problems their children may have in growth, development and behavior. Only well

children are seen at child health conferences. Children who are ill are referred to their family physicians.

Infants and preschool children at the conferences are seen by a physician by appointment only. Dr. Askew said. Appointments may be made by calling HI 2-3346.

Dr. Askew stressed that only certain well infants and preschool children who attend the conferences are examined. The purpose of the examinations is to determine whether the youngsters have apparent defects. If any defects are found, Dr. Askew said, parents are urged to take their child to a private physician for diagnosis and treatment.

Immunizations given at the health centers protect children against tetanus, smallpox, diphtheria and whooping cough. Adults may also be immunized for foreign travel.

Airforce To Suspend Ground Observer Corps

The air force has announced it will deactivate the Ground Observer Corps on January 31, 1959, according to a report in the Arrow, civil defense publication for San Diego county. This will close the nine year career of the organization.

The action was made possible by improvements in the U.S. air surveillance electronic system.

"The improvement and expansion of our radar network will permit the release of hundreds of thousands of GOC volunteers from the heavy burden of duties they have borne so well and faithfully," Lt. General J. H. Atkinson, USAF, commander of the Air Defense Command, said

in announcing the event. There have been 26 Ground Observer Corps units in San Diego county, one located at Jamul, off Highway 94. The unit erected a watch tower in 1956.

Every home should have a CD first aid kit available in event of disaster, points out the county Civil Defense organization. New pamphlets, 1958 revision on the subject, are now available at the San Diego county Civil Defense at Gillespie Field, El Cajon. Instruction in six emergency actions to save lives is outlined in the book.

Area I.O.O.F To Be Started

A new Independent Order of Odd Fellows is being organized in El Cajon to serve new, prospective and present members of the fraternity in Lemon Grove, Spring Valley, La Mesa and El Cajon.

Jeffrey Wolff, past Noble Grand of Sunset Lodge number 328, I.O.O.F., has been commissioned by Donald R. Smith, Grand Master of California I.O.O.F., to organize and institute the new unit in El Cajon.

Wolff said the charter of the new unit would remain open until January 31 for those desiring to become charter members of the new I.O.O.F. lodge.

The first gathering of prospective members will be held in January at a time and place to be decided upon later.

Alcoholic Clinic Mop-Up Operations Now Under Way

Arrangements have been made so that alcoholic patients discharged from the Patton State Hospital can start followup treatment immediately upon their return to this area, at the Alcoholic Rehabilitation Clinic of the City of San Diego operated by the San Diego Department of Public Health.

Dr. J. B. Askew, Public Health Director, said the program is being activated upon a recommendation recently made by the Citizens' Committee for Alcoholic Rehabilitation. "The San Diego clinic staff," he said, "is planning to work closely with these patients in an effort to sustain recovery from the drinking problem."

Dr. Askew reported that the staff of the local clinic has met with the staff at Patton to discuss details which will facilitate admission of patients of the clinic the hospital.

"We feel that immediate follow-up treatment of the drinking problem is essential to the total recovery of the patient," Dr. Askew said, "since leaving a State Hospital to return to the community poses problems in personal adjustment in addition to the drinking problem which remains."

The San Diego Alcoholic Rehabilitation Clinic is one of eight clinics in this state established by the California Alcoholic Rehabilitation Commission on a shared cost basis. Responsibility for the program was transferred to the California State Department of Public Health in September 1957. The local clinic is sponsored and jointly financed by the City of San Diego and the State Department of Public Health. It is under the general administration of the Director of Public Health.

Diagnosis and treatment are under the direction of a psychiatrist. Dr. Askew said treatment given at the clinic is limited to those factors contributing to a patient's drinking problem. Patients receive individual psychotherapy and in some cases group therapy. "Treatment is not necessarily limited to the person alone," Dr. Askew said. His or her family may be included in the therapy carried out for the patient. The entire clinic staff—a psychiatrist, a psychologist, three psychiatric social workers, and a medical physician—works as a team in planning treatment. This is done on the premise that many minds are better than one in attempting to discover the cause of an individual's alcoholism and the best treatment for the person.

"Anyone who thinks he is an alcoholic and really wants to do something about it is eligible to

Christmas Day Program Named

The Rev. J. Phillip Bartlett, vicar of St. Philip's Episcopal church, Palm at Hardy in Lemon Grove, announces on Christmas Day a service of Holy Communion will be held at 10 a.m., with congregational carol singing. At this service the vicar will be assisted by acolytes Charles Beran, Timothy Attaway, with Steven Jurchenko and Jerry McGuffin as alternates. Robert Megling will be crucifier at this service.

The Young People's Fellowship will present a program The Feast of Lights at church Sunday, January 4, at 7 p.m. Everyone is invited to attend.

On January 9, the annual meeting of the church will be held. The Very Rev. Dean T. Raymond Jones will be present. A potluck supper will be served. The Bishop's committee will be elected and delegates will be chosen. Annual reports will be made.

Frost Warnings Sounded By Advisor

The time is approaching when growers should be thinking of the type of frost protection they will use on their young avocado trees, reminds University of California farm advisor C. D. Gustafson. Records show frost has occurred in early November. Frost damage reduces tree growth and fruit yields. For the avocado grower who must devel-

op and maintain high production to have a profitable business, frost damage presents a problem. To help growers of San Diego county prepare for the winter season, a pamphlet on frost protection is available at the farm advisor's office, building 1, 4005 Rosecrans street, San Diego.

This pamphlet is entitled "Protecting Avocados from Frost" and covers such topics as: how frosts and freezes occur, measuring temperatures, how to recognize frost injury, variations in tree resistance, determining need for protection, methods of protection, both in mature orchards and young plantings, and how to care for damaged trees.

Water Problems Meeting Topic

County water problems were a major topic recently at a meet-
ing of directors of the San Diego
County Farm Bureau in the
chamber of commerce building.
Edwin Pressy, director from
Vista, declared water for irriga-
tion of crops should be sold at
lower rates than water for other
purposes. He said a surplus of
water will be available when the
new aqueduct in this county is
completed next year.

Chlorinated or softened water is
not suitable for agriculture,
Pressy said. About 90 percent of
developed water in California is
used for farming, he added.

"Agriculture is ready and will-
ing to share a just part of the
costs involved in bringing water
to Southern California," Warren
Hooper of El Cajon and a state
director of Farm Bureau, told
the group.

Joe Owashi, an Encanto vege-
table farmer within San Diego
city limits, said city water rates
recently had been raised 30 per-
cent. Water for his crops is cost-
ing \$100 an acre foot, Owashi
said.

Youth Killed While Fleeing Police Officer

Donald Bruce Michie, 18, of
7256 Pearson street, Lemon
Grove, was killed early Monday
morning when an auto in which
he was a passenger struck two
parked cars and a tree at 12:15
a.m. after being chased by a po-
lice officer. Michie suffered a
skull fracture and was pronoun-
ced dead upon arrival at Gross-
mont hospital.

Michie and another youth, Ger-
ald Marvin Fain, 21, of 8826 La
Mesa boulevard, La Mesa, be-
lieved to be the driver of the
auto, tried to outdistance La
Mesa police officer Cody E. Isbell
after he attempted to stop the
youths near 73rd Street and El
Cajon boulevard to warn them of
having no tail light. The chase
ended in front of the home of
Gilbert Carlson, 4724 Rolando
boulevard, when the fleeing auto
went out of control and crashed
into the two parked autos and
struck a tree. Fain suffered
head and internal injuries. His
condition was reported "critical."
Monday afternoon by a Gross-
mont hospital spokesman.

Isbell said the youth's auto
reached speeds of 85 miles-per-
hour during the chase.

Both youths were employees
of Rohr Aircraft.

tract, because \$265,000 in federal
funds will assist the financing.

The Grossmont Union high
school district trustees excluded
a cafeteria facility, paved facility
for physical education and a foot-
ball field sprinkling system from
plans to bring the funds within
the required amount.

Construction will include 38
classrooms, administration build-
ing, shower and locker facilities
and site development. Gross
cost is \$12.18 per square foot.

Why not include in your New
Year resolutions—the one's you'll
keep—a plan to put into daily
practice new ideas in the realm of
meal preparation?

That's what my program "Ring
in the New," to be presented
next Tuesday, December 30, 1:30
to 3:30 p.m. in the auditorium of
San Diego Gas & Electric Com-
pany's Eastern District Office,
104 North Johnson Street, El
Cajon Street, El Cajon, will fea-
ture.

Your attendance will be most
timely if you are entertaining
New Year's Eve. You'll then have
the opportunity to begin the year
right by using some new food
ideas I'll include in my demon-
stration. For instance, you'll be
introduced to some new, imagin-
ative ways of using prepared
convenience foods, such as in
turkey-cheese casserole, cran-
berry pork chops, creamy sand-
wich rounds, apple-raisin pie and
chocolate bread pudding.

What could be newer in food
preparation than the use of the
electronic range? I'll show you
how with this amazing innovation
you can cook a rib roast in min-
utes and prepare appetizers, such
as crab meat and crackers or
pickles wrapped in bacon, in just
seconds. And then there's the new
"fabulous 400" Tappan

which can contribute so many

Trepte Co. Low Bidder On 134 Bed Wing At Grossmont

The new 134-bed addition to the Grossmont hospital will be built by Trepte construction Co., of San Diego, based on the lowest of 10 bids opened last week.

Trepte's bid of \$1,699,500 was for 60 more rooms and additions to the surgical, emergency and maternity wards and the construction of a physical therapy unit.

Hospital authorities said the work had been estimated at \$1,700,000 but the contract will not be awarded until state and federal agencies, the hospital board, the hospital attorney and the architect has a chance to study and evaluate the bid.

Money for the addition will come from three sources. One-third will be paid by Hill-Burton funds from the federal government. Granting of these funds are based on hospital district growth and needs. One-third will be paid by the California state hospital board from state's general funds, and the remainder will come from district taxpayers.

The Trepte company built the original 100-bed plant at Grossmont in 1955. Funds came from the same sources as will the money for the addition. District property owners, taxed 10 cents per \$100 of assessed valuation for the hospital, enjoy a \$2-a-day

Boys Light School Fire And Flee

Robert E. Sutton, principal of the Lemon Grove junior high school, reported to sheriff's deputies that youths had started a fire in the school's corridor Thursday night and dropped several cartridges in the fire.

Sutton narrowly escaped injury when the shells exploded as he ran toward the fire. The explosion scattered bits of flaming paper but did no other damage. The fire was started on a cement floor.

Sutton said he noticed the fire as he left a meeting at the school Thursday night. Earlier he had ordered two boys, about 17, to leave the school grounds. Sutton said they were belligerent but left. Sheriff's deputies are tracking down several clues to the boys' identity.

Local Church Receives Statue From Italy

A 4,267 pound statue, "Christ the King," arrived from Leghorn, Italy, Monday for St. John of the Cross Catholic church, Monsignor McDonagh of the church, has revealed.

The nine foot tall statue was to have been erected Tuesday of this week on a pedestal near the new church, facing Broadway. It was donated to the church by Capt. Sue Dausser, 7134 Hybeth drive, Vista La Mesa, a member of the church. Capt. Dausser is retired from the navy's WAVE nurse corps.

St. John of the Cross church will be dedicated in ceremonies February 15 with Bishop Charles F. Buddy of San Diego, officiating. Father McDonagh said.

Relics of first century martyrs St. Anicatus and St. Aurelius will be installed in the new altar at the church during a three hour ceremony on Christmas Eve. A high mass at midnight will follow. Other masses are scheduled for 7 a.m., 8:15 a.m., 9:30 a.m., 10:45 a.m. and noon on Christmas Day. There will be no evening mass on Christmas Day.

Doll, Clothed In Currency Given To Family Of Seven

The Money Doll, given each year by the Business Women's league, has made a Lemon Grove family's Christmas a lot merrier.

The doll, clothed in currency totaling \$100 was awarded to Mrs. Steve Bush of 3460 Fairway drive, Brookside.

"I was taking a nap when they called me and told me the news," Mrs. Bush said. "At first I didn't believe it but it was true and it makes this Christmas so much merrier," she said.

The Bushes are parents of five children. "We will use all the money for the youngsters' gifts except for a small amount we will use for the extra trimmings for our Christmas dinner. My parents are coming over to have dinner with us," she said. Her parents live in La Mesa.

Children of the couple are: Rose Marie, 2, and David, 7, Steve, 6; Bill, 5; Josephine, 3; months.

Steve Bush, the father, said he had just had some luck at work, too. He was promoted to a job as assistant foreman in processing at Rohr Aircraft just two weeks ago and enjoys a substantial increase in income. "The promotion and the prize came just at the time we needed them most," he said.

The Bushes had donated 50 cents to the annual project by which the ladies of the Business Women's league keep the town's plaza neat, trim and landscaped.

Mrs. Dorothy Ellis, league president, said Mrs. Bush had contributed \$5 to the project after the award was made.

and dance December 13 for Elmer and Gladys Walker who are planning an extensive voyage in the near future. Clubs represented at the dance were the Promenaders, Valley Vagabonds, Levis and Laces and the Circle Eight. Ron East was club caller, assisted by guest callers Art Rider, Chuck Reynolds and Jim McCashill from Colorado.

PROMENADERS
The Promenaders have planned a big night for their New Year's Eve dance, with a ham or turkey buffet supper, punch, door prizes and guest callers.

They held their pre-Christmas dance December 16, with a Christmas tree and other things to make a merry holiday. The Square Notes furnished the music for dancing. Frank Dyson was club caller, assisted by guest callers Al Rider and Sylvia Conkle. Hosts and hostesses were Howard and Eileen Saxton, Irl and Goldie Kaupp, and Paul and Charlotte Phillips.

There was a gift exchange of Pa and Ma gifts and a party to honor the Promenaders' class. There was a 100 percent attendance. Christmas cookies and dessert were served.

MERRY WHIRLERS
The Merry Whirlers will have a party dance Saturday night of this week at the Rolando school, 70th and Tower, La Mesa. Pat Nalgeli, publicity chairman, urges all to be there.

Set-Back Change Sought By Grove Subdivider

SAN DIEGO (CNS) — Plans for developing 30 acres in the Lemon Grove area of Debeo and Alton drives as a subdivision were revealed Friday before the county planning commission by Harry Griffen, 8305 Alton drive.

Griffen appeared before the commission to ask for a variance to permit him to build a house 40 feet instead of 50 feet from the center line of Debeo drive. He said there were only 10 houses in the present subdivision, but that this would be the entrance to "a subdivision of 27 to 30 acres to the south."

Commissioners did not grant Griffen's request, holding that the lot did not require the variance he asked. Griffen said he had picked the lot earliest to build on and that the other nine could not be sued without front yard variances.

Commissioner Warren Hooper suggested the matter be held over. He said he would look at Griffen's property and added that variances for all 10 lots should probably be sought at the same time.

FRONTIER SQUARES
The Christmas party for kids of Frontier Squares was a big success. It has been reported. Santa arrived on schedule with gifts for all the kids.

Saturday, December 27, is a party night at Frontier Squares. This will be a holiday theme dance.

4-H Club Requirements Explained By Advisor

Thirty 4-H clubs of San Diego county have started programs designed to help boys and girls become good, useful and productive citizens, farmers and homemakers.

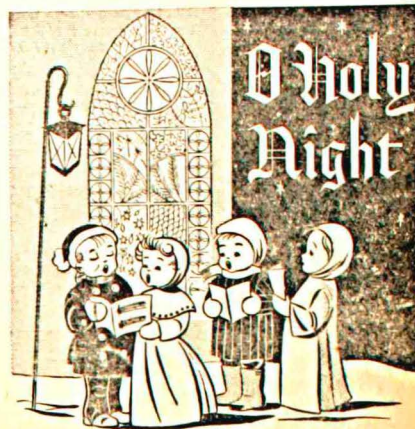

Youths between 10 and 21 years old may become 4-H members by carrying a project in agriculture or home economics and maintaining a written record of work, states David W. Hinshaw, University of California farm advisor.

New clubs may be developed in rural areas where adult volunteer leadership is available. Interested persons may contact the farm advisor's office, building 1, 4005 Rosecrans street, San Diego 10, telephone CY 8-4181, extension 271.

Combined Choirs Will Sing Cantata

The combined sanctuary choir of First Christian church, El Cajon and Vista La Mesa Christian church will sing the cantata, "Love Transcending," in the Vista La Mesa church Sunday evening at 7:30.

The choir will be directed by Mrs. Roland Johnston with Mrs. Keith Sigars at the organ and Mrs. William Simpson serving as pianist. Soloists include: altos Lenora Thorp and Janet Brown, tenors Joseph Dion and Graham Nelson, sopranos Barbara Judy and baritone Kelman Aiken.

With hopeful hearts we join you in singing His praise. May people everywhere come to know and love the true spirit of Christmas and the joy that comes from giving as well as receiving.

'Witnesses' Of Two Counties To Assemble

More than 2,000 Jehovah's Witnesses will hold an assembly in the San Diego Coliseum Friday through Sunday, it was announced here this week by Edgar A. Flinn of Spring Valley, presiding minister of the Lemon Grove-Spring Valley congregation.

He said the assembly was for all of California Circuit One which includes San Diego and Imperial counties. Twenty local

ministers will share the speaking program, he said.

Bruce E. Giffin of New York City, will open the assembly Saturday, speaking on "Expanding Our Ministry." In addition to directing a model ministry school session, which is conducted regularly each week for the training of all Jehovah's Witnesses in the ministry activity, Giffin will deliver the featured public address of the assembly Sunday, speaking on "The Watchtower Society in God's Purpose." Giffin will also be guest speaker on the "Let There Be Light" program on television Sunday.

Lester M. Dugan, supervising minister for the circuit, will give the concluding address.

Bill Avaril Named Highway 94 Prexy

Bill Avaril, owner of the Barrett Cafe, (Barrett Junction) was elected president of the Highway 94 club December 18 at the cafe.

Others elected were: Mrs. Charlotte Holcomb, first vice president; F. T. (Bud) Miller, second vice president; Mrs. Jill Beckett, secretary; and George Taylor, treasurer. The board of directors are Eddie Leonard, Elmo Sanders, Emmett Lonergan, Jerry R. Magoffin, and Mrs. W. J. Hiatt.

Next meeting of the Highway 94 club will be January 8.

Lincoln High Wins Safety Council Award

Lincoln high school has won the San Diego county Traffic Council's "honor school award" of the Back the Attack on Traffic Accidents committee, it was announced today. The award, which covers October and November, is the first of three to be given throughout the school year, according to Tom Fletcher, chairman of the committee.

The 10 participating schools are judged on a three point basis, Fletcher said. They are: the school's traffic safety organization, participation of the student body in Safety Council activities, and the safe driving record of the student body.

Group Studies Plans For Forming Recreation District

Slayer Sentenced To Life In Prison

Alex Mendoza Herrera, 23, convicted slayer of a Spring Valley woman, Wednesday of last week was sentenced to life imprisonment by superior court judge John A. Hewicker.

Herrera earlier had pleaded guilty to killing Mrs. Florence Wyman, 60, October 7 at her chicken ranch at 9775 Lamar street, Spring Valley. Herrera had been living at Mrs. Wyman's ranch after being paroled in her care. He had served part of a prison sentence for possessing marijuana.

Mrs. Wyman was beaten to death in her home with fireplace tools.

Judge Hewicker recommended that Herrera be kept in prison for the rest of his natural life.

Betts To Take Oath Of Office

Bert Betts, newly-elected state treasurer from Lemon Grove, will be sworn into office Monday at noon during a public luncheon meeting at the El Cortez hotel. The meeting is being arranged by bank officers and public accountants. Betts was a certified public accountant prior to the November elections.

Municipal court judge Luther Hussey, also of Lemon Grove, will preside at the meeting. Betts is the first state constitution officer from San Diego county in more than 80 years.

☆ The World Encyclopedia reports the cat gets special treatment during the Christmas season in the French sections of Canada. Tabby is well fed, because it's supposed to be bad luck if a cat meows in the house on Christmas Eve.

A recreation district for the area served by Mt. Miguel high school may be formed here following a meeting last week on Wednesday of a youth-service group.

Recreation facilities would be supplied through a community services district to residents of area through a taxing district which would have a limit of \$1 per \$100 of assessed valuation.

Involved in exploring the feasibility of such a district were Carmine Ursillo, president of the Lemon Grove Little League; Dr. Robert Burns, past president of the Lemon Grove Swimming Pool association, Tom Wellbaum, coach of Mt. Miguel high school, and Byron Netzley, superintendent of the Lemon Grove elementary school district.

Attorney V. J. Dorman explained the operation of the community service district act by which it would be possible to fill the recreation needs of the district.

Such a district may be formed, Dorman said, by a petition signed by a number equal to 10 percent of the number of voters who cast ballots at the last general election.

With the approval of the county boundary commission and the board of supervisors, the issue would then become a matter of election. A simple majority of voters in favor would cause the district to be formed. Entire cost of the election would be borne by the county. Such a district may be formed for "public recreation by means of parks, playgrounds, swimming pools or recreation buildings."

Tax funds for such a district would not be available until November, 1960, Dorman pointed out. It would be necessary for the district to be certified before February of a given year in order to have district property placed on the tax rolls and be eligible for tax money collected in the fall. It would be impossible to go through the mechanics of district forming by February, 1959, he pointed out.

The district would be managed by three or five trustees who would be elected at the time of the vote on forming the district. The district, if formed, would presumably take over the operation of a swimming pool to be built

Jury Convicts Mrs. Cooper

Mrs. Beatrice Cooper, 36, of 3830 Helix road, Spring Valley, December 16 was found guilty of embezzling \$31,681 of corporate funds belonging to the San Diego Credit Bureau. Mrs. Cooper was secretary-treasurer for the firm until she was arrested June 6.

A superior court jury returned the verdict after deliberating for 10 hours. Mrs. Cooper will be sentenced January 6. She is currently free on \$10,000 bail.

on property bought by local citizens for swimming pool purposes at Washington and Mt. Vernon streets and the county park site at Washington and Alton. It also would probably operate the Community Center building at School Lane between Golden and Lincoln streets.

TWAS THE WEEK AFTER CHRISTMAS...

And in some lucky pockets Christmas gift money was beginning to smolder. Wondering what to do with a windfall is a happy sort of problem. You can probably think of a million-and-one ways to spend the money, but we'd like to make one small suggestion. How about treating yourself to a new camera?

We've got them all — from the smart new Brownie Star Cameras (priced from a modest \$5.95) right on up to the fabulous Signet 80.

If you already own a camera you can get more enjoyment out of it by converting some of your Christmas money into photo aids.

Get all the filters and lenses you need? Go a slide project or? Screen? Bob Vaught Gadget bag? If you take movies, what about a new Kodak Presta-tape Splicer? (It could be the start of a good winter project—splicing together all those odd reels of film you have scattered about in dresser drawers.)

So tell us what. Drop in soon and browse around the shop. We've restocked after the Christmas rush so there's plenty to see. But do it soon... before that cash burns clear through your pocket and out of sight.

please care... hunger hurts!

FOOD from America's farm abundance... milk powder, flour, corn meal, cheese... is given to CARE by the U.S. Government, for relief distribution in less fortunate lands.

FOR every \$1 you give, CARE can deliver a 22-lb. Food Crusade package to those who need food most in critical areas of Asia, Europe, the Middle East, Latin America.

HUNGRY children and their parents, orphans, refugees, the aged and sick are reached by distributions to needy families, or to schools and welfare institutions.

PEOPLE who have never had enough to eat receive this food as your personal gift: your name and address go with each package, to tell them you and our country are their friends.

Every \$1 sends 22 lbs.

The Dimmer View

BY MAX GOODWIN

One of the nicest Christmas presents the community got was the hurry-up job they gave us in removing the utility pole from the post office parking area once they made up their collective minds to do it.

It may have taken three years for them to reach the decision which was accompanied by three years of editorial arm-waving by this publication, but once dedicated to the job they even worked on Saturday to get the poles unstrung and unmounted.

For more than one reason the accomplishment reminds me of an old Will Rogers yarn. It is the story of a farmer who had a reputation for kindness to animals. Through kindness he got the most recalcitrant farm animals to do his bidding.

A neighbor once asked him to convince his mule that he ought to respond quicker in his task of plowing the fields. The kind man approached the mule and immediately belabored him across the skull with a short piece of utility pole cross-arm.

The mule's owner was aghast. "I thought you said you were a firm believer in kindness to animals," the surprised owner said. "Why do you beat my mule?"

"The first step in showing kindness to a mule," was the reply, "is to attract his attention!"

Maybe there was stubbornness on both sides. In the actual mechanics of doing the job there was spirited teamwork, however. The San Diego Gas and Electric, who owned the pole, and the Pacific Tel. and Tel. Co., who was hooked onto it, hopped right to the job and got it done within four days of the time they decided to do it. This decision was reached finally after Mr. Charles Kerch, of the Curtis Coleman Co., developers of commercial property, laid more than \$500 on the line to help defray the cost of the changeover. The Coleman firm has interests in several buildings near the post office.

The pole is down and Christmas is here. We hope its removal will produce more vivid pictures of the traditional sugar plums dancing in the heads of motorists who have spent the past three years missing, and nearly missing that dratted pole.

Lemon Grove Christmas tree merchants must have taken a pretty good jacking. As early as Monday, trees which had been selling for \$3.75 during the week-end suddenly dropped to 75 cents.

Resistance to record high prices and a tremendous influx of would-be Christmas tree tycoons opening outlets throughout the area contributed to the collapse of the market.

Like yesterday's newspaper, a tree has little retail value on the twenty-sixth.

Lemon Grove Student Listed In 'Who's Who'

A San Diego State college student from Lemon Grove has been selected to appear in the 1958-59 edition of "Who's Who Among Students in American Universities and Colleges," dean of students Herbert C. Peiffer, Jr. said today.

He is Daniel Dierdorff, 8134 Baldwin road, a pre-law major senior.

Robert Davis Serving With Far East Forces

Santa's List Growing Long As Time Grows Short

Stephen, at 1954 El Prado, (he forgot to sign his last name) has written for an electric train, a steam engine, and a farm set.

Hugh Adams' mother wrote a note for him. She said Hugh had been a good boy this year and is deserving things like an electric train and a bicycle. He lives at 2721 Washington street.

Patty O'Reilly, 2445 Cypress street, wrote to tell Santa she would be gone to the mountains over the Christmas holidays (but we'll tell Santa not to forget her just because she's away).

Chuckie Camp, 1915 Dayton drive, wants a bike, a big boat and a "mussel" for his dog... all of which he is scheduled to receive.

Deanna Carol McGee, who didn't give her address, asks for a doll, a play pen, a bathinette and a basinette, plus a big ball. She'll get all of them because

SIX NEW BABIES BORN

Six youngsters were born to area parents during the past reporting period at two hospitals.

A boy was born to Walter and Ramona Masted, 3632 Hartzel drive, Spring Valley, December 17. At Grossmont hospital a boy was born to Mr. and Mrs. Thurston Pendley December 12. The Pendleys live at 7427 Dayton drive.

On December 15 two boys were born to area parents. A boy to Mr. and Mrs. Glenn Carlton Robinson, 10063 San Juan street, Spring Valley, and one to Mr. and Mrs. William Edward McLaglen, 3880 Bass street, Lemon Grove.

A boy was born at Paradise hospital December 12 to Mr. and Mrs. Cecil Baker of star route, Spring Valley. The youngster, named David Michael, weighed only four pounds, 14 1/2 ounces.

A baby girl was born to Mr. and Mrs. Charles Cooper, 2050 Bonita street, Lemon Grove at Paradise Valley hospital December 19.

'Stolen' Auto Found By Owner In Jig Time

Jayne and Bob Pullam, who operate the Children's Bootery in Lemon Grove, reported to La Mesa police Friday their auto was "stolen" from its parking place near the location of the couple's second store in Fletcher Hills.

The car, a 1953 Plymouth, was found an hour later a block away. It was found by the Pullams before the police could complete their report.

Choral Program Slated At Church

Christmas Eve service will be held at the Lemon Grove Methodist church at 11 p.m. A choral program under the direction of Miss Ramona Court, will be presented. The program includes several anthems, carols, duets, and solos. Reverend Don Cooke will tell the Christmas story again from the bible.

The program is open to the public and is the church's traditional way of spending the watch night service.

she signed her letter with a lot of "love and kisses" marks.

Kayli Thomure, another little girl who forgot to leave her address, wants a doll, a merry-go-round and a baby bed. She says she has been a good girl.

The time is growing short for writing letters to Santa Claus for toys for this year... especially if the writers haven't been very good until now.

Santa, who asked us to print some of the letters for him from Lemon Grove youngsters, says he can tell that the following writers have been well behaved and are going to get most of what they ask for.

Terri Lyons, 1908 La Corta, wrote for a "doll like Kathy S. has." She wants some clothes to go with it and some furniture, too. As an afterthought she decided she wanted a tetherball and a volley ball, a nightgown and an electric train.

Her brother, Gary, asks for a gun and holster.

Billy Boyce, who lives at 3144 Vista street, says he takes his naps and has been real good. He wants a wagon. He says his daddy made a scooter for him but he decided to give it to Santa. He drew a picture of it so Santa would know it is for him.

Then Cathy, who forgot her address and didn't even sign her last name, asked for a two-wheeler bike, a clay doll and some play dishes. She says Santa will know her house because she is leaving some Crackerjacks. Cathy's tree is decorated and ready for Santa, she says.

Mary Louise and Richard Kraszewski, sister and brother who live at 8080 Mt. Vernon street, both requested a stuffed monkey. Mary Louise also asked for a ballet doll and a little stuffed doll, but more practical minded Richard asked for a size eight robe.

Kristy Scott, who also forgot to include her address in her letter to Santa Claus, said she would like a real dog, a doll with a wardrobe and clothes.

She points out to Santa that her mother has told him Kristy has been sucking her thumb, but she confesses her mother has caught her doing just that a few times. Santa will undoubtedly grant her wishes because she told the truth.

Kristy adds she has a bike at her grandparents' ranch in Ramona which she is trying to transfer to her own home. She ends her letter by wishing Santa a "very merry Christmas."

SD Man Misses Jackpot Money

Unclaimed money at the jackpot drawing Friday night at the plaza amounted to \$70. A five percent ticket belonging to J. B. Gilcrease of 935 44th street, San Diego, was drawn but Gilcrease was not present at the drawing, therefore unable to claim the prize. Total prize last week was \$1,400.

Four other names were also drawn but none of them was present. They were: L. Dranchak, 1510 Koe street; Kenneth Diekau, 5905 Lubbock, La Mesa; Eddie Walker, 7009 Central avenue, and John Presley, 8129 Jefferson street.

Although nobody won a money prize, merchandise prizes were awarded, a new feature at the drawing. Receiving merchandise were: Mrs. Glenna M. Normann, H. C. Winters, Edith Dewling and Mrs. Coyle. Merchants donating prizes were Marders, Williams department store, Morrison-Adams Jewelry, Lemon Grove Camera and Brumleys Shoes.

Another drawing will be held Friday of this week at 7 p.m. at the plaza. Tickets are available from Lemon Grove merchants free of charge.

Imperial Widening Brings Flurry Of Variance Requests

SAN DIEGO (CNS) — Widening of Imperial avenue in Lemon Grove brought a series of requests Friday for variances before the county planning commission.

In each case, permission was asked for reductions in front yards, with two requests made by Theodore G. Haaf. Haaf got commission approval for a reduction in the front yard from 75 feet from the center line of Imperial to 80 feet from the easterly line of the railroad right of way, at the southeast corner of Imperial and North avenues.

However, his plea for a reduction in a front yard on the south side of North avenue for another piece of property from 75 to 50 feet was turned down by the planning staff. A suggestion

that the front yard be reduced to 60 feet did not satisfy Haaf, so commissioners decided to take another look at the site.

Haaf told the commission that a 50-foot front yard had been allowed for another building on the same street.

The request of C. Grant Hadley for permission to build within 40 feet of the center line of Imperial avenue, west of Grove street, was also turned down. He was told the front yard could be 60 feet instead of the required 75, but Leon A. Moranville won approval for his request for a front yard reduced from 75 feet to 40 feet for a site on north avenue, at Radio road and the freeway.

A MATTER OF FACT... IN SAN DIEGO COUNTY!

A CONFERENCE TABLE ALMOST 1 1/2 MILES LONG would be needed to seat the more than 5,000 San Diego County residents who own stock in Bank of America. Among them are experts on local conditions who act as advisors to B of A branches in the county, helping these branches specialize their service to meet local needs.

92 BOX-CARS OF TV SETS could be purchased with the more than \$4,700,000 in salaries and dividends Bank of America paid last year to residents of this county. Year after year, B of A dividends and salaries spent locally mean more profits for San Diego County merchants in every line of business.

THE NEIGHBOR YOU CAN BANK ON is your B of A branch. It's staffed by local people, whose first concern is meeting local needs. This specialized service...this sincere interest in the advancement of each community and its members...makes B of A a partner in San Diego County's progress!
